

2019 Learning Collective: Grow Your Culture of Learning

How do I apply?

Organizations must apply to participate, and space is limited. Applicants will be selected based on the strength of their applications and our desire to create a diverse cohort of participating organizations.

To apply, visit the CSHF website (www.cshf.net) and select Grants System Login. This will take you to the Foundation's grants management portal. If your organization has a profile in the system, you may login. If your organization has not created an account before, select create a new account. You will only need to set up a profile once.

Once you login, you will see the 2019 Learning Collective: Culture of Learning application.

Questions? Contact Jamie with any questions about the system login or the application:
